

## **Maximum Demolition Contracts Rapid Recovery for MCLB Refrigerant Abatement**

Anaheim, CA. August 2, 2007 – Rapid Recovery, a refrigerant recovery company servicing the continental United States, recently completed a refrigerant abatement project at the Marine Corp Logistics Base (MCLB) in Barstow, California for Maximum Demolition.

The Base needed to demolish 56 older base housing units. Before demolition could begin, Maximum needed to have the refrigerant recovered from the air conditioning units. They contacted Rapid Recovery based on their reputation for fast, efficient refrigerant abatement and the exceptional EPA required refrigerant related documentation that Rapid Recovery provides.

Rapid Recovery completed the refrigerant abatement of 60 a/c units containing a total of just over 1,000 lbs of refrigerant 22. Each unit was tagged with a bright orange sticker so that it could be easily identified as “refrigerant recovered”. The proper EPA documentation was provided to Maximum Demolition should any questions arise. Terri LaMere of Rapid Recovery said: “It is always a great feeling to complete these jobs and provide the documentation. Our customers seem to be amazed each time at how fast the refrigerant abatement can be completed by Rapid Recovery. We then provide the documentation and it is obvious that they aren’t used to getting such a professional packet of information.”

Rapid Recovery offers refrigerant recovery and abatement nationwide through its franchise network. Their customer base includes refrigeration and air conditioning contractors, refrigeration wholesale distributors, demolition contractors, DOD, landfill administrators and in-house service departments. They provide on-site refrigerant recovery solutions, including job-site refrigerant recovery, recovery cylinder service, and refrigerant disposal and documentation services. Rapid Recovery can be contacted by phone toll free at 877.372.7732, by email at [info@raprec.com](mailto:info@raprec.com) or via their web site at [www.raprec.com](http://www.raprec.com).
